Now customize with an MDS

Contradiction in terms?

Not with this brand new addition to the MDS family. It is an innovative five scene control module that permits you the additional control flexibility of multi-preset, at MDS prices.

The MDS-500 Series can be interfaced with most existing MDS dimmer modules. Of course, if you are starting anew, we believe this is the best start you can make in terms of practicality, flexibility and economy.

Further surprising news is that this unit is soon to be *available as a stock item*. This means exceptional cost savings and quick delivery. It is ready for you in your choice of 24, 30, 36, 42 or 48 control channels. Other sizes and options are available on special order.

The Christmas gift that's definitely not for everyone.

It's cheap. It lasts all year. And a holiday subscription to THEATRE CRAFTS Magazine makes a thoughtful, practical Christmas gift.

But, for whom?

That's *your* problem. And if your Christmas list doesn't include someone who might benefit from our behind-the-scenes coverage, why not give yourself a gift subscription to THEATRE CRAFTS. Our Scrooge-ish Circulation Director has reduced the rates and prices will never be lower.

So use the attached card to give THEATRE CRAFTS this Christmas.

Just be careful how you give it.

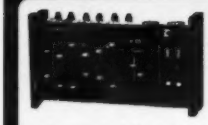
innovative lighting products



dimming systems by Teatronics

The **Scenemaster II** is a two-scene lighting control system designed for small theaters and troups. Its single unit has six 1000-watt channels with two pre-sets, a split cross-fader, and a blackout switch. The **Scenemaster II** requires only two 20 amp, 110 volt circuits.

Teatronics offers a variety of compact electronic dimming systems including 8-channel local and remote units of 1500 or 2400-watt per channel capacity.

LEE color filters

Lee filters are a durable film base media with consistent color accuracy and long life, even with quartz instruments. The intense British colors have high transmission.

telescoping towers by Genie

Genie Towers make excellent portable lighting trees. The 15 to 30-foot high towers can be handled by one person, are lightweight and CO_2 operated. Virgolight can provide custom packages with instruments, brackets, and trouping boxes.

Fits the part perfectly.

The Beacon Hill look only $14.00. A collar that turns the eye as it did at the turn of the century in Boston. The Essex Wing collar. Detachable. Perfect with Lee Birds Eye Pique disposable shirt fronts. Available now. 50 collars and 10 matching shirt fronts. Ten 14½", ten 15", twenty 15½", and ten 16" collars. With fifty disposable collar buttons. Only $14.00 the lot. They'd find it pretty terrific upstairs or downstairs.
